

VOCABULOUS®

LEARN THE ROOT. CONQUER THE WORD.

Dear Headteacher/Literacy Lead,

I am writing to introduce **Vocabulous**, an innovative resource to aid targeted and explicit vocabulary teaching in **Key Stages 2 and 3 English lessons**. Vocabulous teaches Latin and Greek root words, which help students unlock the meaning of thousands of English words.

For example, the Latin root 'port' which means 'carry' gives you the English words portable, import, export, report, support, transport and deport which are all related to carrying or moving things. Our lessons teach students to **identify English vocabulary patterns** and **confidently decode unfamiliar words**, which also improves their spelling and reading comprehension.

Vocabulous is founded by a teacher for teachers, with the goal of improving literacy outcomes. It includes:

- A **weekly course of vocabulary lessons**, carefully sequenced to include 40 of the most useful Latin and Greek root patterns
- **60 fully planned and resourced vocabulary lessons** for Years 5+6, designed to be delivered weekly in-school in Literacy lessons
- Over **400 instructional videos and quizzes**
- **Requires no marking** - teachers have access to useful data dashboard, used to celebrate successes and inform interventions

We are running a programme that is **FREE for schools in South Yorkshire** that includes a whole year's access to Vocabulous, morphology CPD for teachers and student workshops, generously funded by The SHINE Trust.

Our next online **information event** for schools to find out more about our South Yorkshire Programme is on 11th May. Scan the QR codes below to find out more.

Thank you for your time, and I look forward to the possibility of working with your school.

Yours sincerely,

Lucy Huelin
